# Assessor, Internal and External Quality Assurance Qualifications

March 2017

## **Purpose of this document**

The Qualification Specification is designed to give centres information so that they can offer the Assessor and Internal and External quality assurance qualifications to their learners. It contains the information to ensure learners complete the correct number of units and in the correct combination to meet the qualification structures and the rules of combination required.

This document must be read in conjunction with the following documents to ensure centres and learners have all the information about how to achieve these qualifications.

### **Qualification Support Pack 00 – Centre Handbook**

This handbook explains the administration processes that support qualification delivery, for example how to become an Approved Centre, what access arrangements Prince's Trust Qualifications (PTQ) has for learners with special requirements, what level of service you can expect from ourselves and what systems and sanctions PTQ uses should malpractice or maladministration be suspected.

This handbook also outlines the roles and responsibilities expected of an Assessor and Internal Quality Assurer within a centre, and provides competency profiles for each role.

### **Qualification Support Pack 01 – Building a Portfolio**

This handbook is a good practice guide to building a portfolio and is intended to support centres when designing assessment activities and supporting portfolio evidence formats. It gives examples of common issues and practical steps to overcome them.

The examples used are not specific to the Assessor, Internal and External quality assurance qualifications but the principles explained still apply.

### **Qualification Support Pack 02 – Internal Quality Assurance**

This handbook describes the different internal quality assurance activities that may be undertaken within centres and gives good practice examples which centres can use to support their own practice.

### **Qualification Support Pack 03 – Making Claims and Results**

This handbook explains the administration processes when making a claim for units or qualifications, issuing of certificates, the resubmission process as well as the Appeals Procedure. PTQ's assessment strategy can also be found in this handbook as well as information outlining the retention of evidence requirements.

All these handbooks can be found on our Qualifications webpage ([www.princes-trust.org.uk/qualifications](http://www.princes-trust.org.uk/qualifications)) by clicking on the country where the qualification will be delivered and then following the link to '[Guidance for Centres](#)' or by following the hyperlink above.

## Rules of Combination

When meeting rules of combination, learners do not have to achieve units in any particular order and Assessors should tailor learning programmes to meet individual learner needs. It is recommended that, wherever possible, centres adopt a holistic approach to the delivery of these qualifications and identify opportunities to link the units and levels.

Learners not able to complete a full qualification can have their achievements recognised through unit only certification.

## Barred Combinations

There are no barred unit combinations for these qualifications.

## Progression

These qualifications provide a platform for learners to progress into assessment and/or quality assurance of assessment roles.

The following units can be completed by the learner prior to them being in an assessment or quality assurance role, thus demonstrating their ability to understand the process. Should they wish to progress onto the other qualifications offered learners will need to be in a position where they can carry out the full requirements for the unit as simulations are not permitted for these qualifications.

- Understanding the principles and practice of assessment (D/601/5313)
- Understanding the principles and practices of internally assuring the quality of assessment (T/601/5320)
- Understanding the principles and practices of externally assuring the quality of assessment (F/601/5322)

These units are offered by other awarding organisations which offer the Training, Assessment and Quality Assurance (commonly known as TAQA) units and qualifications, and there is an acknowledgement that a unit gained with one awarding organisation will be recognised by another awarding organisation. As such learners can complete these units and then progress onto a larger qualification.

## Language

If you wish to offer these qualifications in a language other than English please contact The Prince's Trust.

## Access Arrangements

More detailed information about the Special Consideration and Reasonable Adjustments policies for these qualifications is provided in the Centre Handbook (QSP 00)

## Assessment of Qualifications

### Grading

The Assessment, Internal and External Quality Assurance qualifications are assessed by portfolio of evidence and are graded as pass or fail. The portfolios are internally assessed and externally verified by Prince's Trust Qualifications.

The assessment process is as follows:

- The learners are assessed internally at the centre by an Assessor whilst they engage in activities
- The learner's evidence is collated into a portfolio, which is referenced using a unit Tracking Sheet
- The centre undertakes internal quality assurance activities which includes (but is not limited to) sampling portfolios assessed by each Assessor.
- A further sample of portfolios is then externally verified by Prince's Trust Qualifications

With these qualifications the best practice approach is to assess by 'continuous assessment'. This means that the learner is assessed throughout their programme of study, allowing for alternative activities to be set and further evidence produced while there are still opportunities during the programme. Continuous assessment keeps learners motivated and engaged as it provides the learner with opportunities to discuss progress, check they are working at the correct level for their ability and producing sufficient evidence. This open dialogue with the learner should be recorded on their portfolio in some way, either directly on the work or on centre-devised assessor feedback forms.

More detailed information about the assessment strategies for these qualifications is provided in the Centre Handbook (QSP 00) and Making Claims and Results Handbook (QSP 03), both are available on our website [Guidance for centres](#)

### Evidence

To achieve the units and qualifications learners need to gather evidence from activities which demonstrate they have met each of the assessment criteria. Some evidence of a learner's performance may also be derived from observation records and testimonies from witnesses, who observe the learner carrying out activities. Evidence can be in a variety of forms.

Through completion of activities on the learning programme, the learners should generate evidence to demonstrate they have completed all of the assessment criteria sufficiently.

More detailed information is provided in the Building a Portfolio handbook (QSP 01) which is available on our website [Guidance for centres](#)

### Recording Achievement

When learners have gathered their evidence, Tracking Sheets are used to record which piece(s) of evidence meets each assessment criteria. Learners are likely to collect far more evidence than they need and it is therefore important that the Tracking Sheets are only used to record the specific evidence needed to meet the criteria and not every piece of work produced.

The Tracking Sheets must be signed and dated by the learner and the Assessor. By signing the Tracking Sheets the learner and Assessor are declaring that the portfolio submitted is the learner's own work. The qualification will not be awarded without a signed declaration.

The Trust does not require every piece of evidence to be signed and dated.

### Making claims

Centres should only claim units and qualifications for learners when they are satisfied that their portfolio meets all the assessment criteria and the work has undergone internal quality assurance. Making claims is the official stage of notifying Prince's Trust Qualifications that the learners are being submitted.

There will be regular opportunities to submit learners' portfolios throughout the year. Please contact the Qualifications team for details.

## Centre Requirements

Each centre needs to gain approval to offer these qualifications and sign a Centre Approval Agreement.

Please refer to the qualifications website for more information.

## Staff requirements

To adhere to The Prince's Trust quality assurance arrangements for these qualifications, the centre must ensure that the following roles and responsibilities have been undertaken:

- Assessors
- Internal Quality Assurer (IQA)

The same person must never complete the internal quality assurance processes on portfolios they have assessed. More detailed information for the Assessor and Internal Quality Assurers roles, with competency profiles, is provided in the Centre Handbook (QSP 00) available on our website [Guidance for centres](#)

All evidence of learners' performance must be assessed by qualified Assessors. If unqualified Assessors and IQAs are being used, their decisions should be countersigned by someone suitably qualified and experienced and so in a position to judge whether the decisions taken are valid, accurate, reliable and consistent.

## Support for centres

### Training

Prince's Trust Qualifications offers training to support centres deliver and administer these qualifications.

### Website

Our website is regularly updated to ensure the latest information about the qualification is available to centre staff, as too are best practice guidance notes and policies. The website can be accessed via the following link: [Prince's Trust Qualifications](#)

### Level Descriptors

The Regulated Qualification Framework (RQF) incorporates levels from Entry 1 through to Level 8. For the purposes of this document only the levels at which these qualifications are offered at have been included below.

The descriptors set out the generic knowledge and skills associated with the typical holder of a qualification at that level. The level descriptors are framed as outcomes and each category starts with a stem statement (“the holder can...”) which then links into the outcomes associated with each level of the framework.

Centre staff and learners can use the descriptors to understand more about the difference between and relative demand of the units and qualifications offered by PTQ.

Level	Knowledge descriptor (the holder ....)	Skills descriptor (the holder can...)
Level 3	<p>Has factual, procedural and theoretical knowledge and understanding of a subject or field of work to complete tasks and address problems that while well-defined, may be complex and non-routine.</p> <p>Can interpret and evaluate relevant information and ideas.</p> <p>Is aware of the nature of the area of study or work.</p> <p>Is aware of different perspectives or approaches within the area of study or work.</p>	<p>Identify, select and use appropriate cognitive and practical skills, methods and procedures to address problems that while well-defined, may be complex and non-routine.</p> <p>Use appropriate investigation to inform actions.</p> <p>Review how effective methods and actions have been.</p>
